No. 22 – 2025

FIRST SESSION, EIGHTH PARLIAMENT

REPUBLIC OF NAMIBIA

ORDER PAPER

OF THE

NATIONAL ASSEMBLY

TUESDAY, 17 JUNE 2025
(14:30 – 17:45)

NOTICES OF MOTIONS:

I. Hon. Kaaronda:

That this august House –

Discusses the nationalisation of key strategic economic sectors/resources.

That this motion be referred to a relevant Parliamentary Standing Committee for further scrutiny and report back to this Assembly.

II. Hon. Hengari:

Recent reports indicate that nearly half of Namibians, especially civil servants, are drowning in debt. This is a serious issue that needs urgent attention. Meanwhile, lending institutions, like the infamous Letshego made a profit of N\$199 million in just six months (as reported in 2024), which highlights the big gap between the financial success of lending institutions and the struggles of ordinary people. Many Namibians are turning to backyard loan sharks who charge very high interest rates, making their situation worse. There is therefore a need to have a real discussion about whether existing laws are truly protecting our people from exploitation.

That this Assembly –

Debates, discusses, and strengthens this motion and that following the adoption of recommendations in this House, this motion be referred to the relevant standing committee.

ORDER OF THE DAY:

Resumption of Debate to critically investigate the current state of health training institutions in Namibia, with a specific focus on the rapid mushrooming of such institutions across the country - [Hon. Hengari].

WEDNESDAY, 18 JUNE 2025
